Pastor Jim Custer has served at Grace Polaris Church since 1968. He graduated with academic honors both from Grace College (BA) and Grace Theological Seminary (MDiv) in 1963; and earned a Master of Theology degree from Grace Seminary in 1977. In 1991 Grace Theological Seminary conferred upon him a Doctor of Divinity (DD) Degree.

His daily radio broadcast, Right Start, has aired for 40 years. He and his wife, Triceine began organizing trips to Israel in 1969, and have teamed together to lead 34 tours to Israel, Egypt, Jordan, Greece, and Rome. He is an accomplished student and teacher of Bible prophecy.

Jacob Prasch is a Hebrew-speaking Bible expositor and director of Moriel Ministries. Born in New York, he originally set out to disprove the validity of the Bible with science, history, and archaeology. He now teaches eschatology. He travels the world with the conviction that humanity is in the "Last Days" citing events in the Middle East, society's moral deterioration, environmental destruction, globalization, the rise of a pseudo-democratic federal Europe, and contemporary church apostasy as events of prophetic significance.

Prasch's two latest books are *The Dilemma of Laodicea* and *Shadows of the Beast*. Jacob was also instrumental as the Bible expositor in the highly acclaimed 2011 documentary on Biblical prophecy "The Daniel Project." In addition to his preaching on prophetic texts, Jacob is influential in the area of discernment ministry.

Gary Kah, a former Europe and Middle East Trade Specialist for the State of Indiana, traveled extensively overseas working closely with the economic staff at American Embassies on trade-related projects. In this capacity, he observed efforts to establish a one-world political and financial system with a religious motivation.

Gary has written two best-selling books, *En Route to Global Occupation* and *The New World Religion* which are fully documented and critical in understanding today's global developments...including the financial crisis and events in the Middle East. Gary publishes the research news journal *Hope for the World Update*.

Caryl Matrisciana, an expert on ancient and modern world religions, contemporary cults, paganism, and the occult, is also a best-selling author, journalist, researcher, and commercial artist. She has co-produced or contributed research and expertise to more than 70 documentaries over 30 years. A frequent guest on national and international television and radio programs, Caryl is informative and articulate. Her topics are diverse, revealing today's cultural trends and social issues with special emphasis on supernatural themes, contemporary religious views, and the so-called "New Age Movement."

Caryl Productions' 2011 DVD release *Wide is the Gate: The Emerging New Christianity, Volume I*, is being well received in Europe, Australia, New Zealand, South Africa, Canada and the United States. Watch for the release of Volume II this summer.

Philip Ernest Williams has just published the ground-breaking book *The Archaeological Evidence of Noah's Flood*. The book is a thorough examination of history, archaeology, and the assumptions lying at the basis of historical sciences such as geology, biology, cosmology, anthropology, climatology, linguistics, and the higher criticism of the Bible. It concludes with a discussion of the meaning of Noah's Flood for today's world.

Mr. Williams is the representative in America of the Hong Kong-based Noah's Ark Ministries International (NAMI), and has been instrumental in advancing the knowledge of their recent incredible find of a vessel consistent with Noah's Ark on the mountains of Ararat. He is the founder of Christian Leaders and Scholars, a publication website ministry to Christian leaders and scholars, and to all who are interested in the deeper and more difficult issues pertaining to the Bible, its implications for science and history, and its teachings about the kingdom of God.
